## **Contents**

**Planning Application Forms**

**Illustrative Masterplan**

**Location Plan and aerial image**

**Introduction**

**Abstract**

**Non-technical summary of the Environment Statement**

### **Chapter 1: Need**

Evidence base

Atkins Report

Capita Report

Peill & Co assessment

Candidate Occupiers

### **Chapter 2: Policy compliance**

The Vision for the LDNP

LDNPA Business Plan 2010-2013

North West of England Plan Regional Spatial Strategy to 2021: September 2008

Cumbria and Lake District Joint Structure Plan 2001-2016: Adopted Plan, April 2006

Lake District National Park LDF Core Strategy - for pre-submission September 2009

Lake District National Park Local Plan: Adopted 5 May 1998 Saved Policies

### **Chapter 3: Spatial influences**

Demographics: communities

Demographics: visitors

Economic sub-region

Utilities infrastructure

Connectivity

Economic Impact

Transport Impact

Investment

### **Chapter 4: Sequential site location testing**

Brownfield sites

Consideration of alternative generic site locations

Consideration of alternative specific site locations

SLDC sites

LDNPA LDF 20 sites

Precedent

## Contents

### **Environmental Statement**

#### **Chapter 5: Landscape and Visual Impact**

Cumbria Historic Land Characterisation Project

Locality constraints map

Existing site conditions

Zone of Visual influence

Baseline studies

- Assessment of the constituent elements, characteristics and character of the land
- Assessment of site archaeology
- Assessment of historic and current land use
- Assessment of measured site topography [range 87.5m to 110.0m AOD]
- Assessment of visual habitats
- Assessment of site skylines
- Assessment of tranquillity
- Comparative Landscape Character Assessment of the land to the identified attributes of its host Area of Distinctive Character 51: Cunswick & Scout Scar
- Assessment of the value of the land to contiguous Area of Distinctive Character 50: Crook
- Assessment of the value of the land to contiguous Area of Distinctive Character 42: Kentmere Valley
- Assessment of the value of the land to overlooking Area of Distinctive Character 41: Kentmere Fells
- Assessment of the value of the land to Burneside Parish
- Assessment of the value of the land to Staveley and Ings Parish
- Assessment of the value of the land to the Outstanding Universal Value [OUV] of the LDNP World Heritage Project
- Assessment and photographic recording of public vantage of the land within Area of Distinctive Character 51: Cunswick & Scout Scar from viewpoints, roads, footpaths, bridleways, CRoW Open Access land, listed buildings & private property
- Assessment and photographic recording of public vantage of the land within Area of Distinctive Character 50: Crook from viewpoints, roads, footpaths, bridleways, CRoW Open Access land, listed buildings & private property
- Assessment and photographic recording of public vantage of the land within Area of Distinctive Character 42: Kentmere Valley from viewpoints, roads, footpaths, bridleways, CRoW Open Access land, listed buildings & private property
- Assessment and photographic recording of public vantage of the land within Area of Distinctive Character 41: Kentmere Fells from viewpoints, roads, footpaths, bridleways, CRoW Open Access land, listed buildings & private property
- Assessment and photographic recording of public vantage on Burneside Parish
- Assessment and photographic recording of public vantage on the Dales Way

Alternative locations considered:

- Alternative sites considered: taken from LDNP Employment Sites Programme [November 2008]:
- Alternative sites considered taken from South Lakeland: Knowledge based Employment Land Search and Assessment: Final Report August 2007

Conclusion

## Contents

### **Chapter 6: Ecology, Flora & Fauna**

Introduction

Methodology

Baseline Conditions and value of ecological features

Ornithology

Reptiles

Amphibians

White clawed crayfish

Aquatic and terrestrial invertebrates

Bats

Badgers and Otters

Other mammals

Botanical

Overall biodiversity

Social value

Economic value

Impact assessment

Noise and vibration

Dust

Water discharge

Traffic

Lighting

Mitigation, compensation and enhancement

Summary and conclusions

References

### **Chapter 7: Design and Access Statement**

Benefits of an island site

Sense of place

Detailed assessment of the preferred development choice

Consideration of alternative layouts

Masterplanning

Potential for mitigation measures

Visualisations

### **Chapter 8: Site specific Landscape and Visual Impact**

Construction phase

Operational phase

Decommissioning phase

Roundabout

Roads

Buildings

Parking

Boundary features

Vegetative land cover

Balancing ponds

Paved areas

Roofs

Other significant built forms or features

Mitigation

Site management and maintenance

## Contents

### **Chapter 9: Water & Hydrology**

Riverine: River Kent [SAC SSSI]  
River Kent tributaries  
BGS Geophysical Report  
Flooding  
Attenuation of surface water run-off  
Grey water usage  
Foul sewage disposal  
Water abstraction

### **Chapter 10: Traffic & Transport**

Site Transport Assessment  
Roundabout  
Traffic generation  
Locality transport assessment  
Rights of way  
Highway improvements  
Travel Planning  
Feasibility Study of proposed Park & Ride  
Car Park Management Plan

### **Chapter 11: Archaeology**

Desk based assessment  
Walkover survey  
Historic land use  
Existing land use  
Listed buildings assessment  
Conservation Areas assessment

### **Chapter 12: Light, Noise, Air & Other Pollution**

Light impact assessment  
Light intrusion  
Noise  
Emissions  
Air quality  
Ventilation and extraction statement  
Odour abatement techniques

### **Chapter 13: World Heritage Project**

Effect on Outstanding Universal Value [OUV]

### **Chapter 14: Climate change**

Carbon initiatives

### **Chapter 15: Further possibilities enabled by the development**

### **Chapter 16: Sustainability appraisal**

### Appendices

#### **Appendix 1: LDNPA EIA Scoping Opinion and Ecological Scoping Survey Report**

#### **Appendix 2: Landscape and Visual Impact Assessment Methodology**

#### **Appendix 3: Employment Sites and Premises Studies**

#### **Appendix 4: Baseline landscape and visual impact studies**

*Assessment and photographic recording of public vantage of the land within Area of Distinctive Character 51: Cunswick & Scout Scar from viewpoints, roads, footpaths, bridleways, CRoW Open Access land, listed buildings & private property*

#### **Appendix 5: Baseline landscape and visual impact studies**

*Assessment and photographic recording of public vantage of the land within Area of Distinctive Character 50: Crook from viewpoints, roads, footpaths, bridleways, CRoW Open Access land, listed buildings & private property*

#### **Appendix 6: Baseline landscape and visual impact studies**

*Assessment and photographic recording of public vantage of the land within Area of Distinctive Character 42: Kentmere Valley from viewpoints, roads, footpaths, bridleways, CRoW Open Access land, listed buildings & private property*

#### **Appendix 7: Baseline landscape and visual impact studies**

*Assessment and photographic recording of public vantage of the land within Area of Distinctive Character 41: Kentmere Fells from viewpoints, roads, footpaths, bridleways, CRoW Open Access land, listed buildings & private property*

#### **Appendix 8: Baseline landscape and visual impact studies**

*Assessment and photographic recording of public vantage on Burneside Parish*

#### **Appendix 9: Baseline studies: alternative generic locations considered**

*Transport corridors*

#### **Appendix 10: Baseline studies: alternative generic locations considered**

*Settlements*

#### **Appendix 11: Baseline studies: alternative sites considered in LDNP**

*Alternative sites considered: taken from LDNP Employment Sites Programme [November 2008] and Plumgarths*

#### **Appendix 12: Baseline studies: alternative sites considered in South Lakeland**

*Alternative sites considered taken from South Lakeland: Knowledge based Employment Land Search and Assessment: Final Report August 2007 and Gillthwaiterigg Farm*
